

Cosmopia S

Thermal Shock Chamber

Standard Series

ES-L
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +200°C | 47L 105L |
| | | |

P29 to P31

High Performance Series

ES-LH
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +200°C | 74L 105L 200L 305L |
| | | |

P32 to P35

High Performance Series Air-cooling Remote Condenser Type

ES-LH-R
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +200°C | 74L 105L 200L 305L |
| | | |

P36

High Performance Series High Speed Type

ES-LHH
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +200°C | 105L 200L |
| | | |

P37

MIL Standard Type

ES-LM
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +200°C | 70L |
| | | |

P38

High Temperature Series (250°C)

P39

ES-LM-M
ES-LM-RM
Type

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +60 to +250°C | 72L |

Excellent Series

EXCELLENT
series

P40,P41

ES-EX
Type

500 hrs. without defrosting

| Temperature Range | | Test chamber capacity |
|-------------------|----------------|-----------------------|
| Low-temp test | High-temp test | |
| -70 to 0°C | +80 to +200°C | 70L 200L |

ES-EX-L
Type

Temperature Range

| Low-temp test | High-temp test | Sample Basket capacity |
|---------------|----------------|------------------------|
| -70 to 0°C | +70 to +150°C | 5.6L 9.4L |

Large Capacity Series

P42 to P44

ES-L
ES-LH
ES-L-R
Type

| Temperature Range | | Test chamber capacity |
|----------------------------|--------------------------------|-----------------------|
| Low-temp test | High-temp test | |
| -50 to -10°C -65 to 0°C | +60 to +120°C +60 to +200°C | 1,080L 1,450L |

ES-L
Type

| | | |
|--------------------------|---------------|------------------|
| -60 to 0°C -65 to 0°C | +60 to +130°C | 2,448L 2,880L |
| -65 to 0°C | +60 to +130°C | 3,130L |
| -50 to -10°C | +60 to +120°C | 5,438L |
